members from the college participated in that meeting including Principal who was included on 27/07/2021. In the meeting it was observed that most of the college (nodal college) did not participate in the meeting. Many colleges raised different issues but cannot be generalized and the University authority assured that they would sit with individual colleges to address those specific issues and that too within a very short period.

However, it was seen that the University authority began processing online program without addressing those college specific issues. On 25<sup>th</sup> July, the College Principal reminded in WhatsApp group to look after the matter of individual colleges and it was assured that they would do so.

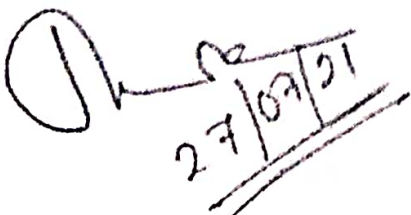

It was also discussed that the college has MOU with an external agency that does online admission processing on behalf of the college. Joining the University online portal without informing the external agency in advance may cause financial loss.

So, considering every aspect and some very sensitive issues like offering Philosophy, Education and Persian as DSC-II for shortage of teachers, it is resolved unanimously that the college may consider joining University press from next academic year, and admission for this year be conducted as per the existing online system as per MOU signed with Exabyte, the external agency.

### Resolution No. 1.

Be it further resolved that next meeting of the Admission Committee be held at college on 05/08/2021 at 11:30 AM.
