3	Dr. L. Chiro Kumar Singha	Convenor	7002261908
4	Mrs. Anuradha De	Member	9435377956
5	Dr S Bebita Devi	Member	7002155702
6	Mrs. Sofika Choudhury	Member	9435461037

Principal

(Dr. Himabrata Chakravarty)

Lala Rural College, Lala

Co-Ordinator, IQAC

(Dr. Ng Dayamay Singha)

Lala Rural College, Lala

Mission of the cell:

The cell is to maintain and enhance the visual appeal and environmental sustainability of the campus while fostering a sense of pride and community among students and stakeholders. The responsibilities of the cell are as follows:

- a) Landscaping and Greenery: The CBC is responsible for planning, designing, and maintaining green spaces, gardens, and lawns on the campus. This includes selecting and planting flowers, shrubs, and trees to beautify the surroundings.
- b) Waste Management: Managing waste disposal and recycling initiatives to maintain a clean and eco-friendly campus environment. This may include organizing waste segregation drives and awareness campaigns.
- c) Cleanliness and Maintenance: Ensuring the cleanliness and upkeep of common areas, walkways, and buildings on campus. This may involve organizing regular clean up drives and maintenance activities.
- d) Community Engagement: Engaging students, faculty, and staff in campus beautification efforts through volunteer programs, workshops, and awareness campaigns. Encouraging a sense of ownership and responsibility for the campus's appearance.

Activities of the cell:

The activities of a Campus Beautification Cell (CBC) are diverse and encompass various initiatives aimed at enhancing the aesthetics, sustainability, and overall appeal of a college campus. These activities typically involve both short-term and long-term projects. Here are some common activities that a CBC may undertake:

- a) Landscaping and Gardening: Planting and maintaining flowers, trees, shrubs, and greenery in campus gardens and common areas. Designing and implementing sustainable landscaping plans to improve the overall appearance of the campus.
- b) Artistic Installations: Creating and installing artistic elements, sculptures, murals, or interactive installations to beautify the campus and add creative flair.
- c) Clean up Drives: Organizing regular clean up drives to ensure that the campus is litter-free and well-maintained. Conducting special clean up events, such as campus-wide clean ups or riverbank clean ups.
- d) Waste Management: Implementing waste reduction and recycling programs on campus. Promoting responsible waste disposal practices and conducting awareness campaigns.
- e) Environmental Education: Hosting campaigns on environmental sustainability, conservation, and responsible campus beautification practices.
- f) Community Engagement: Engaging students, faculty, and staff in beautification efforts through volunteer programs and collaborative projects like Lions Club of India, Lala Branch and LIC, Hailakandi branch.
- g) Budget Management: The total management of the cell is depending upon the authority of the institution.

Special initiatives and projects:

- a) **Monitoring and Evaluation:** Regularly assessing the impact and effectiveness of beautification projects. Collecting feedback from the campus community and making necessary improvements.
- b) **Documentation and Reporting:** Maintaining records and documentation of all beautification activities, achievements, and expenditures to ensure transparency and accountability.
- c) **Promotion and Recognition:** Promoting the achievements and contributions of the CBC through various communication channels.

Seeking recognition and awards for the institution's commitment to campus beautification and sustainability.

- a) **Seasonal Decorations:** Decorating the campus for special occasions or holidays to create a festive and welcoming atmosphere.
- b) **Long-Term Planning:** Developing and implementing long-term campus beautification plans and strategies to ensure on going improvement and sustainability.

These activities collectively contribute to creating a visually appealing, eco-friendly, and vibrant campus environment that fosters a sense of pride and community among students, faculty, staff, and visitors. The specific activities undertaken by a CBC may vary based on the institution's priorities and the needs of its campus community.

Achievements and Goals of the cell:

The cell often takes pride in their contributions to the campus community and may track achievements such as:

1. Transforming neglected areas into beautiful and functional spaces.
2. Building a strong sense of environmental awareness and responsibility among students and staff.
3. Future goals may include expanding sustainability efforts, enhancing campus greenery, and involving more students and community members in beautification projects.
4. To conclude, the Campus Beautification Cell is a dedicated group within Lala Rural College focused on improving the campus's physical appearance, environmental sustainability, and overall appeal. Its activities contribute to creating a positive and welcoming environment for all stakeholders.

REPORT

The tree plantation event organised by Campus Beautification Cell, IQAC, Lala Rural College on 17th August, 2019 (Saturday) at both the campuses. The primary objective of this event was to contribute to environmental conservation and raise awareness about the importance of trees in mitigating climate change, improving air quality, and enhancing the overall ecosystem.

The event began with thorough preparation, including site selection, soil testing and acquiring the necessary saplings. The organising team ensured that the selected location was suitable for the growth of the chosen species and they can adaptability to the local climate and their potential to support local wildlife.

Participants were provided with proper instructions on how to plant the trees correctly. They were guided to dig to planting holes of adequate depth, place the saplings and backfill the soil while ensuring proper watering.

During the event, experts conducted educational session on the benefits of trees, the role they play in carbon sequestration and the importance of preserving our natural environment.

The event encouraged a sense of community and environmental responsibility. It fostered a strong sense of unity among participants, promoting the importance of collective action in tackling environment issues.
