Recommendations on Teaching-Learning and Evaluation:

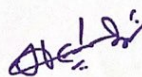

1. The teachers need to use modern TLM more frequently to cater to needs of the students and also to make classroom interaction more effective.
2. To pay attention to academically slow learners, it is recommended that every week class test may be taken. It will enhance learning process of the students.
3. The teachers need to apply student centric methods such as experimental learning, participative learning and problem solving methodologies for effective participation of the students.

Recommendations on College Infrastructure:

1. Classroom infrastructure should be improved.
2. The students need to be encouraged in sports and more avenues are to be provided for more participation of the students.
3. Drinking water facility and toilet facility need to be improved.
4. Attention needs to be paid to boys and girls common room.
5. Quality of food in the canteen should be improved.
6. The college library is an integral part of institutional education. From the response of the survey it is found that attention needs to be paid towards library. Following are the areas which need to be marked:
 - i. More reference books.
 - ii. Subscription of more journals and newspapers (National and State level).
 - iii. Full time zerox facility.

Recommendations on College Administration:

1. The office staff needs to be more co-operative with the students.
