মহাবিদ্যায়তন সঙ্গীত

আমরা সবাই আজ চলবো
মুক্ত আলো বাতাসে
হাসিটুকু ছড়িয়ে দেবো ।।
শিক্ষা, শান্তি, একতা, প্রগতি
আমাদের জীবনেও পাবে প্রগতি
এসো চির পুরাতন করি নিতুই নব ।।
সুখে জয় করে এসো হাসবো
দুঃখের ভয় আজ এসো নাশবো
শান্তি সুখের নীড় এসো রচবো ।।

From the Principal's Desk

Dear Students and Parents,

Greetings and welcome to Lala Rural College. Since its establishment in 1964, the institute has been touching upon young minds and shaping their lives.

We hold, the mind is not a vessel to be filled but a fire to be kindled. As long as our ideas are expressed and thoughts ignited, we can be sure of learning as everything begins with an idea. Learning is not a process limited to the institutions only, nor does it end with the conclusion of one's academic career. It is indeed a lifelong process. It is further characterized by sharing vision, responsibility and above all self-belief and faith in goal in order to achieve it.

The world today is changing at such an accelerated rate where we need to pause and reflect on this entire system of education. I strongly believe that education is a collaborative effort that involves professional administrators, committed teachers, and motivated students. Open-mindedness, a multicultural orientation, independence, a global outlook, multiple intelligences, and abilities – these are the premium qualities needed today. Our Institute desires to set an approach to learning that incorporates inquiry, research, analytical thinking, and an ethical approach that becomes a lifetime habit. At our college, the students are helped to focus on confidence building, while nurturing a strong sense of social and environmental responsibility through academic and co-curricular activities. Character creates self-respect, which in turn leads to high self-esteem. Maturity is reflected in all aspects of character-the decision we make, the friends we choose and the responsibilities we accept.

Lala Rural College, Lala believes in holistic education that encompasses academics, co-curricular activities, sports education and life-skills learning. It is not the will to win, but the will to prepare to win that makes the difference. We must develop a passion for learning. If we do, we will never cease to grow. Also, parents are the primary educators of children. We must devote ourselves to shoulder the responsibility together. As Principal, Lala Rural College, I would like to personally welcome you to the extended family of LALA RURAL COLLEGE so that we can bring the desired changes together.

And now let us welcome A NEW WORLD OF LEARNING, full of things that never were. The moment is today, when we are all set to impart education as per the New Education Policy 2020 (NEP 2020). Our Institution, along with the entire Nation, will adopt the NEP 2020 mode of Education from academic session 2023-24. We are into the new Four Years Undergraduate Programme (FYUP) pattern of Education for the UG students. It is all together a new paradigm. The NEP 2020 is a comprehensive document which is designed to transform the education sector in the country, and its success will lie in its implementation by the Institutions.

The NEP promotes conceptual understanding and multidisciplinary education across curriculum. For this, the teachers need to be trained. High-quality professional and digital courses on *NTP*, *Swayam* and other ODL platforms need to be popularised and made

available. Teachers must also be provided assistance with technology and devices so that data and documentation of the students' holistic development is easy. Students need to understand its usability and flexibility in order to optimise its benefits.

Parents and students must also be made aware of greater choices of subjects, both vocational and academic being provided by institutions. This will need planning for the distribution of resources and time allocation; connecting with institutes where students could pursue such learning.

The NEP will achieve its goal only with a synchronized vision and action from all stakeholders. Today, we have the opportunity to try and provide the best possible learning experience to our students. Although there are many creases to be ironed out, but the time to begin is *NOW*.

Good Luck and wishing you a bright future.

Introduction

Lala Rural College is a premier academic institution set up way back in 1964 in a rural setting. It is located at Lala, a small town in the district of Hailakandi in the southernmost region of Assam. The College, affiliated to Assam University, a central university, offers courses in both Arts & Commerce at Secondary and Degree level.

The college has been providing affordable and accessible education over the years to the young generation of ethnic diversity in the locality and its surroundings. Once held in the premises of Lala H.S. & M.P. School in the initial stage, classes shifted to its own building with the help of the generous donation of the locality and the members of the staff in close proximity to the bank of river Dholeswari. The College has as of now eleven buildings including a Conference Hall (donated), a spacious Library and Auditorium. The college has two separate blocks for two streams -- Arts and Commerce respectively.

The college was affiliated to the Gauhati University since its inception. It has achieved a spectacular growth since 1975 when the Govt. of Assam brought it under deficit Grants-in-Aid system. Lala Rural College is now in the prestigious band of permanently affiliated colleges under Assam University. The College has been provincialized by the Govt. of Assam in the year 2005. The College is recognized under Section 2(f) & 12B of the UGC Act, 1956.

As per the Govt. directives, from the academic session 2023-24, Lala Rural College shifts from CBCS to multidisciplinary education structure with skill and experiential component in a four-year UG programme as envisaged in the NEP 2020 facilitating multiple entry and multiple exit (MEME) to students.

Mission

The mission of Lala Rural College is to ensure academic excellence and professional competence for learners. In line with the idea of the NEP 2020, the college strives to achieve holistic development of individuals through academic pursuit and co-curricular activities centred on inquiry-based, discovery-based, discussion-based, and interactive and analysis-based *learning*. The college aims to flourish a knowledge system fostering the spirit of learning, reflection, and sharing toward capacity building with special focus on development of physical, emotional and cognitive abilities among students.

Vision

Lala Rural College envisions an educational ecosystem prioritizing holistic development, technology integration, and research-driven learning, enabling learners to drive for educational growth and societal progress. Imparting value-based education to the students and thereby socially uplifting them in order to keep pace with the changing needs and trends is one key objective. The college reflects on promoting regional multilingualism and the power of language, ancient knowledge creativity, critical thinking, ethics, human values, equity and inclusion, and life skills during the teaching and learning process thereby making students global citizens while retaining Indian ethos.

Code of ethics for the Students

Students of the college are expected to devote their energy in learning and developing a wholesome personality. The students would:

Special Features

The college can legitimately boast for its teaching staff. Teachers have been participating in National and International Seminars regularly. Most of the faculty members have Ph.D. and or M.Phil. Degree. Some have authored a number of books and contributed articles in research journals of national and international repute. Many teachers have undertaken Minor Research Project (MRP) from UGC. A good number of teachers have obtained Ph.D. from different Universities. Many teachers are also invited as Resource Persons in different departments and institutions for academic purposes.

1. Modern method of Teaching and Educational technology including Audio-visual equipment is used in the classrooms. Smart class rooms are an added feature.
2. Online Classes and communication via WhatsApp, Google Classroom, and Google Meet and so on based on the convenience of the Teachers and Students.
3. Teacher-student relationship is exemplary.
4. Academic calendar is strictly followed in teaching-learning activities.
5. Distribution of curriculum among the teachers of the department in the beginning of each academic session is mandatory for all the respective HOD's.
6. Special care for slow learners and dropouts through motivational sessions and remedial classes.
7. Special care for advanced learners by providing additional inputs for better career planning and growth through offering special coaching for higher level competitive examinations.

The National Education Policy of India 2020 (NEP 2020), approved by the Union Cabinet of India on 29 July 2020, is the third education policy and the first of the 21st century. It replaces the previous National Policy on Education, 1986. The NEP 2020 is based on the fundamental pillars of ‘Access, Equity, Quality, Affordability, and Accountability’ and focuses on making education accessible to everyone and elevating ‘Socially and Economically Disadvantaged Groups’ (SEDGs) in line with ‘Sustainable Development Goal 4’ (SDG4) to “ensure inclusive and equitable quality education and promote lifelong learning opportunities for all” by 2030 while building upon India’s tradition and value systems rooted in Indian ethos. The policy envisions a holistic and integrated education approach, focusing on skill development, multi-disciplinary learning, and promoting creativity and critical thinking. It emphasises using technology and digital resources to enhance the learning experience. The Policy reflects the principle that education must develop not only cognitive capacities but also social, ethical, and emotional capacities and dispositions.

The NEP 2020 has given special emphasis on life skills and vocational education through integration and mainstreaming of vocational education with general education which will help students in acquiring various skills to meet the requirements of employability and to improve the quality of education. The policy emphasises experiential learning, a pedagogical approach that creates concrete experiences that have a practical application of knowledge and skills to real-world experiences. The policy encourages value based education aiming at holistic personality development and character building of students with an eye on embedding ethical, cultural and constitutional values, promoting critical thinking, Indian Knowledge Systems, scientific temper, communication and soft skill as well as team work. Moreover, the policy proposes a “light but tight” regulatory framework to ensure integrity, transparency, and resource efficiency by virtue of which every stakeholder will have access to the necessary information.

As per the new policy, the undergraduate students have multiple entry and exit options. The students can drop out of their courses at any given point. On completing one year of the course, they will be receiving a certificate, on completing 2 years they will receive a diploma degree; and on completing 3 years, they will be having a degree in the course itself. The policy introduces the ABC (Academic Bank of Credit) scheme that will allow higher education institutions to maintain a digital repository of credits earned by students. To put it simply, ABC Platform is a virtual database of credits to store online the academic credits earned by each student individually.

Lala Rural College is all set to implement and incorporate in its framework the basic guidelines as formulated by the NEP 2020 in the academic session 2023-24. The college has a plan of action to execute backed by its mission and vision.

Department of English

The Department of English was introduced since the inception of the college way back in 1964. Since then a good number of teachers have contributed to the stock of knowledge and the overall growth of the department imparting lessons to the learners over the years. The course of Honours in the department was opened in the late eighties. The department offers Core, Minor, Elective Language and Alternative English courses under FYUG Programme for UG students. The department aims at providing extensive knowledge of literary history, literary theory and form, and a wide variety of texts to inculcate in the

students an interest to delve deep into creative gusto and literary taste. The department facilitates the students to explore identity, values, manners, and morals. The holistic development of the students remains a key objective of the department adopting the pedagogy of blended learning, academic counselling, monitoring and mentoring. The departmental magazine entitled *Flair* and the departmental wall magazine entitled *Shabdvrksh* play pivotal roles in shaping the artistic veins and creative urges of the students. Moreover, the educational tour carried out by the department ensures experiential learning directed to the students thereby developing in them practical wisdom and critical thinking.

Department of History

Journey of the department of History dates back to the beginning of the college in 1964. Being one of the compulsory subjects in B. A. course, History was among the oldest departments of the college. The College took special interest in strengthening the Department of History in 1966 & 1972 with the appointment of Sri Monoranjan Sinha, M.A, & Dr Nazmul Hussain mazumder, M.A. Ph.D., respectively, who were instrumental in the overall development of the department and the college as a whole.

The Department of History since its inception took its journey for a pretty long period of time as General subject only. It obtained approval for introducing History as Honours subject in 1992. Currently the department offers History Honours under new CBCS curriculum of 2018, History Core Courses, DSC, DSE and Generic Electives are offered. The Department has a staff strength of three faculties. The department is regularly engaged in serious academic exercises like invited lectures, ICT classes, class seminars, showing documentaries and films, taking students to educational trips etc. Among the three faculty members, two members have been awarded Ph.D. Degrees, and one faculty member is awarded with M.Phil. Degree.

The department has a strong base of alumni and the real strength of the department lies in the departmental mentorship policy and remedial teaching which even helps in

solving the basic problems of the students be it scholastic and/or co-scholastic activities. Overall, a healthy academic environment and a cordial teacher student relation is maintained in the department.
